# RIGHT MOVES

If you follow these principles, your opponent won't punch you in the face:

Move individual discs forwards, backwards or sideways one square at a time. ✔

You can move linked discs lengthways together, one square at a time either way. ✔

You can even move all three linked discs one square at a time lengthways either way. ✔

To nudge an opponents disc, you have to outnumber them. ✔

WARNING
CHOKING HAZARD - SMALL PARTS
KEEP AWAY FROM SMALL CHILDREN

Nudge™
